

Dear Families and Care providers,

For the health and safety of our participants, employees and all we serve, Specialized Needs Recreation will modify all mass gathering events, to decrease exposure to the Coronavirus (COVID-19).

The SNR Board of Directors believes this is the best way for our organization to reduce exposure of our participants to potential increase risks. It is our hope that this decision will not be in effect for a long period of time. But we know it is the right decision to make. We must act to protect all of our clients

The Centers for Disease Control and Prevention (CDC) and regional health organizations recommend, and we've taken a number of additional precautions to preserve health and safety and postponing large events and encouraging social distancing. This includes the upcoming Talent Show that was originally scheduled for Saturday, March 14th.

We will reschedule the Talent Show at a later date. In regard to future mass gathering SNR evening events such as dances, we will cancel if the current health pandemic continues.

What you can expect from SNR:

- We will continue to monitor recommendations from the CDC and communicate schedule changes as we see fit.
- We have taken precautionary measures at the facility, sanitizing surfaces 2 times a day, and frequent hand washing.
- We will be sanitizing our transportation vehicles two times a day.

SNR, LIFE, Camp All-Stars, and SNR Sports will continue as scheduled unless otherwise communicated.

As always, we ask that you stay home if you or someone in your household is experiencing any of the following:

- cold/flu-like symptoms
- fever
- runny nose
- sneezing
- coughing

Prior to returning to SNR events you must be fever free without fever-reducing medications for 24 hours.

This is an unsettled time, with many unknowns about COVID-19. Our local, state and federal health officials are working tirelessly to find the most effective way to curb the rise of coronavirus cases. Their recommendations to reduce exposures to large gatherings and remain at home as much as possible relate directly to large social encounters.

If you have any questions or concerns, please don't hesitate to call me.
